LeetCode: DevOgabek

In the last two years, I've immersed myself in Information Technology driven by curiosity and a passion for creativity. I'm eager to leverage my technical skills to advance as a young developer. With strong organizational abilities, self-motivation, and computer proficiency, I excel in collaborative settings, valuing mutual respect. I believe our future endeavors will position our company as a leader in innovation.

EDUCATION

Najot talim, Chilonzor — *Python Backend*

13.04.2023 - 23.10.2023

I am thrilled to share that I have successfully completed the Python Backend course at Najot Talim, Chilonzor during the period mentioned above. This experience has enriched my understanding of Python backend development, equipping me with valuable skills and knowledge.
